GENERAL MARKET NEWS

MAJOR SUPPLY SHORTAGE - Due to the extreme heat in NSW & VIC throughout all of January and recent flooding in North Queensland. It has affected the quality and supply of many fruit and vegetable lines. Prices are higher than usual for this time of the year, and the quality and shelf life is not the best. These lines include strawberries, baby spinach, beans, cauliflower, celery, broccoli, celeriac, lemons, all herb lines, snow peas and bananas. We will keep you updated daily on social media.

GLOBE ARTICHOKEs -The season has now finished. NOT AVAILABLE.

CHERRIES - It is the last few days of cherries and the Australian supply will finish for the season.

STRAWBERRIES - Extremely short in supply and expensive. It is very hard to source good quality because they are all heat affected.
